Our idea...

- creation of a new tourist product in the town of Daruvar, a tourist resort known for its thermal springs, even in the old Rome,
- Daruvar was named Aqua Balissae, and was the treatment and recreation center for the ruling class and the Roman soldiers,
- in connection with the historic era of our city, we have designed the organization and performance of a Roman meal, respecting all the customs, food and clothes.

Activities

- Project of the School of Economics and Tourism Daruvar The Roman Feast was realized in cooperation with Daruvar Technical School, Bruno Bjelinski Daruvar Music School, Association Ždralice Daruvar and other participants: Bjelovar-Bilogora County, Daruvar-Papuk Tourist Board and the town of Daruvar.

The School of Economics and Tourism Daruvar team explored the history of the town, culture and customs related to the preparation of food and dinners in the Roman times and prepared delicacies according to the research...

The team from the Technical School Daruvar
made furniture needed...

The B. Bjelinski Music School Daruvar has taught music and dance, which were a part of the festive meals...

The Association Ždralice Daruvar made
curtains, furniture decorations and
clothes for students who participated in
the event...
