Guide Me Osijek

# Introduction

---

- ❑ The Osijek-Baranja County is located on two European bicycle routes - EuroVelo6 and EuroVelo 13.
- ❑ With nearly 40 kilometers of bicycle trails, specially built or marked on the roads and sidewalks, the city can easily be "two-wheeled"
- ❑ Osijek are very happy to choose the bicycle as a means of transportation and we can rightly say that Osijek is a "bicycle town".
- ❑ The bike passes through the town's surroundings, interesting routes lead west to the vineyards of Baranja and Nature Park Kopački Rit, in the south to the medieval fortifications and ponds of Korogorvar and from Lower Town to the mouth of the Drava and Danube along the vineyards and wineries.

# Idea of the app

---

- ❑ The cyclists travel self-organized, ie they determine the desired destinations, travel times and the routes they will drive, which is why they need all available information materials and materials
- ❑ Materials they need are:
  - ❑ cycling maps, tourist guides with interesting local sites, information on public transport, catering facilities, accommodation options, gastronomic, cultural and concert offer etc.

# What will the app do?

---

## □ User will be introduced to:

- services offered by the town of Osijek with its surroundings to cyclists: bike & bed information, weather forecasts, public transportation, service stations and retirement
- maps of the city and surroundings with drawn bicycle routes, marked by current position, basic information about a particular route
- in the drawn position of tourist sites, catering and accommodation facilities, service stations and rest areas
- Information on cycling events
- interpretation of cultural-tourist sites / facilities,
- It also includes the display of complementary experiences, such as rural tourism, ecotourism, adventure, cultural and health tourism.
