

The production of
bio-soaps and
aromatic candles
with a recognizable
motif of the city of
Varaždin

Srednja strukovna škola, Varaždin

OUR GOALS

- ◉ Students apply their knowledge of beauty products in the making of soaps and scented candles
- ◉ The aim is to connect students of different vocational programmes (beauticians - making soaps and candles, designers - making packaging products)
- ◉ The products represent the features of our school and our hometown
- ◉ The products are of good quality and design and can be sold on the market
- ◉ The products will be offered as gifts for students participating at state competitions
- ◉ The products will be promoted at the school`s stand during *Špancirfest*, the famous Varaždin festival of street strollers held in August
- ◉ The funds collected will be used for the procurement of materials for further work and materials for teaching
- ◉ The project is to make classes more interesting to students

OUR PLANS

- ◉ To make teaching more interesting for students through this project
- ◉ To develop in students the ability to connect and apply the acquired knowledge with entrepreneurship ideas and tourism purposes
- ◉ To obtain necessary supplies and accessories
- ◉ To develop the awareness of the importance of environmental protection by using high-quality materials
- ◉ To develop our own recipes for making healthy soaps
- ◉ To design packaging which highlights the characteristics of the school and the city
- ◉ To procure unique molds
- ◉ To present and place our products on the market in the tourism purposes

WHAT WE HAVE DONE SO FAR...

- ◉ We have encouraged a lot of interest among students, developed their creativity and independence in work
We have obtained most of the planned equipment and materials which will be used for teaching purposes (electric, scales, glassware, thermometers ...)
- ◉ So far, we have developed several recipes for making our own soaps, which are unique in their appearance, smell and use of medicinal essences
- ◉ We have created a unique molds with the symbols of the town of Varazdin
We presented our products at:
- ◉
 1. National Clothing and Leather Goods Competition held in Varazdin, 3rd -5th April 2014
 2. 10th International Conference of Persons with Disabilities in Zadar

NOTICE:

- For the realization of our project we will require a time period of about a year which is due to the time required for the technological process (maturation of soap for about 2 months, recipe development and experimentation up to a year) Soaps have so far been made applying the so called *hot process*, and the next phase, which is ongoing, is making soaps applying the so called *cold process*

Making of scented candles is planned for June 2014

Our big promotion will take place at our school`s stand in August 2014 during *Špancirfest*
